ENDORSE BARAK

### Welcome to my campaign website.

My name is Barak Lurie, and I am running for Congress. I will win.

I am a business owner and attorney of 20 years with a wonderful wife and two small children. Like you, I am concerned about their future. Will they enjoy the freedoms and opportunities we grew up with, or will **wasteful spending, short-sighted "feel good" legislation, and confiscatory taxation rob them of their chances for success?**

I've started three small businesses myself, including a thriving law business and real estate practice. In my law practice, I've seen first hand from my clients the financial and legal problems this poor economy creates. Many businesses have had to close their doors. Even once-thriving businesses suffer because they depend on the success of their suppliers and vendors' clients. But **that success cannot happen in an environment where government sees business as the enemy.** Worse, the environment of regulation and threatened socialization has **sucked the entrepreneurial spirit out of them.**

We've listened to our leaders promise that things will turn around, if only we let them keep spending and controlling our economy. **But such policies haven't worked, are not working, and can never work.** We've heard a lot of talk about change – only to find out that they meant changing America itself into a European styled socialist state. In reality, the only change we need is to go back to our founding principles: **individualism, the family, lower taxes, and far less regulation.** As all our founding fathers knew: the government that governs best is the government that governs least.

I have heard from so many of you. I know you agree with me on these core issues. Let's meet and get to know one another. Please sign up for our mailing list above to find out about our events and other campaign news. You can find our campaign on Facebook by clicking [here](#), or subscribe to our [Twitter feed](#).

It's time to turn America around and set it back on course for success. I'd like your support to go to Washington. Together, we will make that happen! Sincerely,

Upcoming Fundraisers & Events  
Feb 11, 2010

*Since our "kick-off" fundraiser in late January, things have continued to gain momentum. Two additional fundraisers are in the works for February, and three more in March. In the meantime, Barak has been stumping throughout the Southland, exposing the failures of the government's intrusion into our businesses and individual lives. Hear his most recent speech by clicking [here](#).*
